

LEAGUE OF NATIONS.

C.32.1928.XII.

Geneva, February 7th, 1928.

OFFER OF \$ 5,000 FROM THE AMERICAN COUNCIL ON EDUCATION FOR
AN ENQUIRY ON AGENCIES FOR EXCHANGES OF PROFESSORS AND STUDENTS.

Note by the Secretary-General.

The Secretary-General has the honour to circulate to the Council the following letter from the American National Committee on Intellectual Co-operation to the President of the International Committee on Intellectual Co-operation communicating an offer from the American Council on education of a gift of \$ 5,000 for an enquiry regarding European agencies dealing with exchanges of professors and students to be conducted under the auspices of the Sub-Committee on Exchanges of the International Committee on Intellectual Co-operation. The President of the Committee has accepted this offer subject to the Council's approval.

Letter from the President of the American National Committee to the President of the International Committee on Intellectual Co-operation.

Washington,

December 15th, 1927.

Dear Dr. Lorentz,

The American National Committee, at its meeting in New York last Monday, December 12th, received an offer of financial support to the extent of \$5000 for a fact-finding study of the various European agencies concerned with personal exchanges - either of professors or students, teachers or

pupils - between different countries, to be sponsored by the sub-committee of the C.I.C.I. appointed last July to deal with this particular matter.

The offer was made by the American Council on Education, through its Director, Dr. C. R. Mann. A copy of his letter and suggested outline of the report^x to be made is enclosed herewith, to give you full details of the proposed study.

The American National Committee unanimously approved the project and authorised me to transmit the offer to you as chairman of the sub-committee on personal exchanges.

It recommends that the offer be accepted and that the responsibility for making the study be committed to Dr. Ficht, Chief of the University Relations Section of the International Institute, subject to the general authority of the Director, because the information desired is clearly within the scope of that section, and the Committee has confidence in the ability of its present chief to get the desired results.

You will notice that the funds are available now, and will be paid by the American Council on Education to the proper financial officer in Europe on receipt of assurance that the sub-committee named is ready to undertake the task. The offer should be acted on as soon as possible as the money is part of an appropriation for the year ending December 31st.

(Signed) ROBERT A. MILLIKAN.
