Discussion by the 6th Assembly

Report dated September 25, 1925 by the Rapporteur (M. Bandeira de Mello) to the 5th Committee to the 6th Assembly recommending the inclusion of 303,000 Swiss francs in the Labour Office budget for the continuation and extension of the Refugees Service, authorising the Council to enter into negotiations with Governing Body to determine the measures by which such continuation and extension could best be carried out, suggesting that the simplest method would be for the Assembly to make a temporary immediate advance on account of a Revolving Fund and inviting the Council to consider the advisability of convening an Inter-Governmental Conference to examine the Labour Office's proposal for a Revolving Fund out of which capital and travelling expenses could be advanced to the refugees
