BUILDING COMMITTEE

PROPOSED APPOINTMENT OF TWO ADDITIONAL TECHNICAL EXPERTS.

Report of the Representative of Guatemala.

The Council has before it the Secretary-General's memorandum proposing the appointment of two additional technical experts to the Building Committee. This proposal seems to me, and I feel sure my colleagues will agree, a very reasonable and practical one, and if the Council approves his suggestion it may consider that it would be best to ask the Secretary-General to appoint the two additional members in agreement with the President of the Council, this being the procedure adopted when the Committee was originally constituted.
